HAVING recently received an extensive stock, and daily adding to it the latest styles of
SPRING GOODS,
DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, and being enabled to offer inducements in lieu of Rail Road charges on such goods as are sold at a fraction above Eastern cost, we are prepared to show, and will be most happy to sell the

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Wholesale House in the State, and having long resided and done business in this city, and our established principles of doing business having well known, to every city and country customer, it is the most liberal course for us to assure ourselves that we can say with safety that we consider competition quite out of the question.

We would say to
COUNTRY MERCHANTS
who design going East to purchase, that we would esteem it a favor if they would call with us before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

THE HEALTH OF THE CITY —From an enquiry among a number of the most prominent Physicians, we find that the city is universally healthy at the present time, and one, an old resident Physician here, remarked to us, that since 1838 this was the most healthy season he seen in Milwaukee. And still in the estimation of all the medical men with whom we have conversed, the weather for the past three weeks has been any thing but healthy.

Note would be a good time to look up and settle all "old Doctor's bills," for Doctors, like all other men, cannot live on *sunbeam curtus* without means, in the shape of money to purchase the necessaries of life Patients, pay up your old bills Physicians being out of employ need all their dues. It will stimulate them to alacrity in answering a call when needed

A Buck Run Down!

Look out for the Locomotive when the Bell rings

As the morning train from the west on the M & M Railroad is coming in, Saturday morning, well loaded, as usual, with PASSENGERS, a sharp whistle and sudden check to the speed for a moment startled the passengers with the fear of an accident It proved that a large buck, darting from a thicket across the track, was struck by the flying locomotive and knocked into smithereens The instant created quite a sensation It was set down as a warning to another "BUCK" now running loose about Wisconsin, but sure to be run down in November, by Fearnot's rushing train, if he don't get out of the way when the bell rings.

HERRINGTON'S CARRIAGE FACTORY.—We were called in a few days since, to examine a newly made buggy at the above establishment, and our eyes were feasted with the look of a vehicle that would be worthy of a prince. Strong, light and graceful, and finished of in superior style and elegance, it constitutes as neat an article as was ever put on a road. Mr. HERRINGTON was awarded the first premium for buggies at the last state Fair, and he keeps determined to maintain the reputation then conceded to him.

The buggy under notice was built to order for Messrs Butler & Howard's Livery Stable, in Milwaukee

We clip the above from a Geneva (N. Y.) paper. A number of vehicles made at Mr. HERRINGTON'S Factory are in use in our city and have given general satisfaction.—The buggy in question may be seen at BUTLER & HOWARD'S Livery Stable, foot of Mason street, and is one of the lightest and handsomest we ever saw.

BALLOON ASCENSION.—Professor POSEY announces that he will make his promised Balloon ascension on Monday next, from the vacant lot, corner of Third and Spring streets, Fourth Ward. It will be a novel spectacle for Milwaukee, and we hope that the enterprising Aeronaut will be liberally patronized.

GRAND DRUMMING MATCH TO-NIGHT!—The match for a Gold Watch, between two of the best Drummers in the West, comes off at the Light Guard Armory to-night It will be a spirited contest, and worth witnessing. A small admission fee will be charged to defray expenses.

AN OFFICER STATIONED AT THE POLICE COURT. —An officer was yesterday stationed, for the first time, to attend the Police Court during its hours of session, and to keep it clean, &c The public is, perhaps, not aware that the Chancellor during the many years he has been Police Justice, has always brushed his own "woodshack," swept out his "chambers," and made his own fires, and that no charge has been made to the city for the labor, by no means pleasant one, for a more filthy place after a crowded day, than the Police Court floor, would be difficult to find Mr Finnegan has been appointed to attend and

THE CUSTOM HOUSE —The foundations of this fine structure have been laid in concrete, broad and deep, and the lower parts of the basement walls are well advanced They are laid up with limestone and cement On the front and east end, the base ails of the windows, of the white Athens stone, are laid The stone cutters having prepared a large supply of blocks for the walls, the building will now be pushed forward rapidly

ANOTHER SUICIDE —A German named Hartman committed suicide by shooting himself, yesterday morning He resided a short distance north of the city limits Domestic troubles of some nature left to the act, he wished all a family good bye and kissed his children but a short time before he killed himself

P S We learn since from Policeman HAUSER that the name of the deceased was Gluss Heinrich Wittmann

LOST IN WILLIAMS ADDITION —Persons who wish to obtain lots in the Addition platted by C H. Williams, finely located near Queen's Park in the 5th Ward, will find Mr W at the American House for a few days to come on

aug5 H REED

ATTEMPT TO DROWN HIMSELF —An Irishman, a sailor, we believe, attempted to drown himself yesterday, by jumping into the river He was rescued by some fishermen, and taken to the Watch House

☞ The steamer *Huron* will not make her usual trip yesterday, some of her working gear being out of order which can be secured into the river, where the necessary repairs will be speedily effected

☞ The schooner *Grape Shot* arrived from Buffalo yesterday with 800 tons iron for the Mil & Waukesha R R Co and 16 cannons for the Custom House

I submit the above to the public with the remark that it is a continuation of my reports, the first of which I published in December last, and which constituted the *first regular weekly report of bona fide sales of real estate ever furnished* the public in the city

I shall continue to publish a weekly report of sales as heretofore, and would recommend all who are interested in Real Estate, to take the paper containing our aund report, and file the same, by which means they will always be familiar with, and have a correct list of all transactions in this line of business. My report is got up with the greatest possible care, and is therefore correct and reliable in every item. W LAIDLAW

City Land Office.

GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY, situated on the Wisconsin River, at the point where the Baraboo and Wisconsin Rivers unite, and at the point where the Milwaukee and Fox River Railroad crosses the river, and must necessarily be the depot and station for west Milwaukee and Fox River.

The Wisconsin River is navigable for first boats the greatest Water Power of any river in the United States, the manufacture of lumber of which now employs hundreds of men, and annually manufactures from the Wisconsin River will furnish employment for the greatest number of this water power. The Wisconsin River and its tributaries contain more extensive bodies of pine timber than are to be found in any other river in the West

The site of Kilbourn City is magnificent, being situated rising from a bluff elevation of 30 feet at the river to the table land which rises 200 to 250 feet within a mile and a half from the river. The whole is Oak Land and Prairie, principally Oak Openings, and the site is very beautiful

The best pasture and water in abundance, and building stone in large quantities. Already 60 or 70 buildings have been erected, and a cost of from $100 to $1,000 each, and more buildings are now under contract and others are in the process of construction

In fact, it would require the two columns of one of our daily papers to give an adequate description of the beauties of Kilbourn City One word is sufficient for that, which is this There has been no city that ever in many years which has offered so many inducements to all artisans, and where capitalists can invest their money to greater advantage than in Kilbourn City

To those who are emigrating to this country here is a great opportunity Go and attend this sale, which comes off Monday August 18th and continues from day to day through the week One or one thousand lots will be offered The terms of sale will be very liberal A small amount will be required down and the balance on long time (particulars to those who intend to build)

Kilbourn City is in Columbia Co State of Wisconsin You take cars from Milwaukee to Beaver Dam, where you will find conveyances to Kilbourn City Maps at sale or will be ready in a few days, and can be obtained by calling at my office
